

START THE TRINTELLIX DISCUSSION WITH YOUR DOCTOR

Take some time at your next appointment to talk to your doctor about Trintellix. Here are a few questions to help you start the discussion:

What is Trintellix?

Who is Trintellix for?

Is Trintellix right for me?

How does Trintellix work?

What kind of results can I expect from Trintellix?

How soon will I see results with Trintellix?

How is Trintellix administered?

How often do I need to take Trintellix?

What are the possible side effects of Trintellix?

Do I need a prescription for Trintellix?

Can I switch from my current medication to Trintellix?

List of current medications (prescription or over-the-counter):
