

VYEPTI® (eptinezumab-jjmr) Home Infusion

For Migraine Prevention

With Home Infusion, you can receive VYEPTI from a registered nurse, so you can receive your treatment in the comfort of your home. Receiving treatment from your home or other suitable location of your choice, can help you continue doing what matters most to you.

A convenient way to receive treatment.

Discuss whether you qualify for VYEPTI through Home Infusion and what you need to know in order to receive treatment.

APPROVED USE

VYEPTI is a prescription medicine used for the preventive treatment of migraine in adults.

IMPORTANT SAFETY INFORMATION

Do not receive VYEPTI if you have a known allergy to eptinezumab-jjmr or its ingredients.

Please see the Important Safety Information on next page. For more information, please see the accompanying Full Prescribing Information and Patient Information; or go to vyepti.com.

Doctor Discussion

Your doctor will complete the appropriate enrollment form and send it to Orsini, the Specialty Pharmacy.

Welcome Call

Once your form is received, Orsini will call you to confirm:

- ✓ Next steps
- ✓ Desired shipment location for VYEPTI
- ✓ Storage and handling instructions for your prescription
- ✓ For scheduling your infusion appointment

Preinfusion Supplies

Once Orsini confirms your insurance coverage, your appointment will be scheduled and they will send you VYEPTI with the necessary infusion-related supplies and a VYEPTI Care Kit package.

Preparing for Your Infusion

Make sure to drink plenty of water and try to get a good night's sleep.

Infusion Day

Remember to wear a loose-fitting shirt with sleeves that roll up easily. A registered nurse will come to your home or other location as needed and administer your treatment over approximately 30 minutes. The total appointment time may vary.

If you have any questions at any point in the process, please reach out to Orsini to speak with a nurse.

*NOTE: This process is specific to Orsini Specialty Pharmacy only; other Home Infusion provider options may be available. Contact your Home Infusion provider for more information.

APPROVED USE

VYEPTI is a prescription medicine used for the preventive treatment of migraine in adults.

IMPORTANT SAFETY INFORMATION

Do not receive VYEPTI if you have a known allergy to eptinezumab-jjmr or its ingredients.

VYEPTI may cause allergic reactions. Call your healthcare provider or get emergency medical help right away if you have any symptoms of an allergic reaction: rash; swelling of your face, lips, tongue, or throat; if you have trouble breathing; hives; or redness in your face.

Before starting VYEPTI, tell your healthcare provider about all your medical conditions, including if you are pregnant or plan to become pregnant, or you are breastfeeding or plan to breastfeed.

Tell your healthcare provider about all the medicines you take, including any prescription and over-the-counter medicines, vitamins, or herbal supplements.

The most common side effects of VYEPTI include stuffy nose and scratchy throat, and allergic reactions.

These are not all the possible side effects of VYEPTI. Tell your healthcare provider if you have any side effect that bothers you or that does not go away.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

For more information, see the accompanying [Full Prescribing Information](#) and [Patient Information](#); or go to vyepti.com.
