

Share Your Migraine Story

Are you living with migraine and currently being treated with VYEPTI (eptinezumab-jjmr)? Join the Migraine Victors Program (MVP) and share your personal story to inform and inspire others!

VYEPTI is a prescription medicine used for the preventive treatment of migraine in adults.

MVP is a voluntary program that gives people with migraine a positive and supportive forum for sharing their experiences and learnings with others. Migraine Victors may be invited to participate in a variety of educational and motivational activities.

**Your story might be just what
someone else is waiting to hear.**

To learn more about opportunities to share your experiences with migraine and VYEPTI, **please return the form on the back of this page** to the Migraine Victors Program by:

Taking a photo of the signed form and emailing it to info@MVPNetwork.com

or

Calling 1-833-4-VYEPTI, Option 7

Participation in the Migraine Victors Program is completely voluntary, and you may opt out at any time.

IMPORTANT SAFETY INFORMATION

Do not receive VYEPTI if you have a known allergy to eptinezumab-jjmr or its ingredients.

Please see page 2 for additional Important Safety Information.

Yes, I Am Interested in Sharing My Story

Have you been prescribed VYEPTI? Yes No

First Name: _____ Last Name: _____

Email Address: _____ Date of Birth: _____

Phone Number: _____ Zip Code: _____

I give my permission for Migraine Victors Program staff to leave a voicemail mentioning the Migraine Victors Program.

Signature: _____ Date: _____

By signing above, I certify that I am 18+ years of age and authorize Lundbeck and the Migraine Victors Program to contact me so I can learn more about the Program and determine if I want to participate. By signing this form, I am under no obligation to participate in the Program. I acknowledge the Migraine Victors Program will exchange details about my health and treatment experiences via the contact information provided above. If I prefer that only secure channels be used to transmit my personally identifiable information and personal health information, I will submit my request to info@MVPNetwork.com.

APPROVED USE

VYEPTI is a prescription medicine used for the preventive treatment of migraine in adults.

IMPORTANT SAFETY INFORMATION

Do not receive VYEPTI if you have a known allergy to eptinezumab-jjmr or its ingredients.

VYEPTI may cause allergic reactions. Call your healthcare provider or get emergency medical help right away if you have any symptoms of an allergic reaction: rash, swelling of your face, lips, tongue, or throat, if you have trouble breathing, hives or redness in your face.

Before starting VYEPTI, tell your healthcare provider about all your medical conditions, including if you are pregnant or plan to become pregnant, or you are breastfeeding or plan to breastfeed.

Tell your healthcare provider about all the medicines you take, including any prescription and over-the-counter medicines, vitamins, or herbal supplements

The most common side effects of VYEPTI include stuffy nose and scratchy throat, and allergic reactions.

These are not all the possible side effects of VYEPTI. Tell your healthcare provider if you have any side effect that bothers you or that does not go away.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

For more information, please see the accompanying full [Prescribing Information](#), including [Patient Information](#), or visit vyepti.com
