100 mg/mL Injection for IV

Step ③ Educate

The SP will contact your patient to process out-of-pocket expenses for the medication before it ships. It is important for the patient to confirm payment has been made to avoid delay in receiving treatment.

- Tell the patient that the SP may contact them from an unknown name or phone number.
 - Provide specialty pharmacy leave-behind *Getting VYEPTI Through a Specialty Pharmacy: 3 Steps to Your First Infusion* to the patient to explain SP process.
- Note that the SP will be contacting the office to schedule shipment. It is important for the office and SP to communicate to avoid delay in the patient receiving treatment.
 - Track shipment and follow up with SP if needed.

Step ④ Delivery

The SP will contact the patient to obtain consent to ship VYEPTI to the administration site and confirm the location and delivery dates with the site of care.

Indication

VYEPTI® is indicated for the preventive treatment of migraine in adults.

Important Safety Information

CONTRAINDICATIONS

- VYEPTI is contraindicated in patients with serious hypersensitivity to eptinezumab-jjmr or to any of the excipients. Reactions have included angioedema.

WARNINGS AND PRECAUTIONS

- Hypersensitivity reactions: Hypersensitivity reactions, including angioedema, urticaria, facial flushing, and rash, have occurred with VYEPTI in clinical trials. Most hypersensitivity reactions occurred during infusion and were not serious, but often led to discontinuation or required treatment. Serious hypersensitivity reactions may occur. If a hypersensitivity reaction occurs, consider discontinuing VYEPTI, and institute appropriate therapy.

ADVERSE REACTIONS

- The most common adverse reactions ($\geq 2\%$ and at least 2% or greater than placebo) in the clinical trials for the preventive treatment of migraine were nasopharyngitis and hypersensitivity.
